# RICHWAY ZERO GRAVITY RECLINER

**ZERO GRAVITY CHAIRS POSITION YOUR BODY TO  
MAKE YOU FEEL WEIGHTLESS, STRESS-FREE  
AND ENERGIZED.**

This works by elevating your feet to be at the same level as your heart. When you achieve this position, you minimize the toll that gravity takes on your body every day. This includes reducing strain on your vertebrae, relieving back pain, improving circulation, and cushioning sore muscles. Zero Gravity recliners have been known as stress relief chairs. Most body pains, mental pains, and even diseases derive from stress. Gravity puts your body under a tremendous amount of stress every day, wearing your muscles down over the years. Zero gravity chairs help you offset these effects and feel what it's like to be stress-free. Don't let tension, fatigue and back pain continue to bring you down .

## FIRST VIBROACOUSTIC WAVE WITH INFRARED RAY

Each culture such as the aborigines, a tribal group from australia, have used sound to heal the ill. They would use a yidaki, a traditional instrument in which blown air would create very low vibrations. The Bioacoustic Mat™ employs a powerful low frequency sound generator that delivers a deep acoustic massage for joints and tissues. The music pieces on the Bioacoustic Mat™ apply the low frequencies of 30 – 68 Hz to massage large muscles and the higher 52-88 Hz level for smaller muscles.
